MECHANICAL ENGINEERING DEPARTMENT ORGANIZING

THE STATE LEVEL ONLINE QUIZ COMPETITION

ON SUBJECT – *EMERGING TRENDS IN MECHANICAL ENGINEERING (22562)*

FOR

Sixth Semester (Final Year) students of Diploma in Mechanical Engineering and Automobile Engineering

ABOUT INSTITUTE

Government Polytechnic Washim was established by Government of Maharashtra on 9th May 1982. to promote technical education in rural areas of Maharashtra with civil engineering program and subsequently added another five streams of engineering in phases. The Institute is affiliated to the Maharashtra state board of technical education. (MSBTE) It has excellent Industry Institute Interaction with more than 24 MOUs with an array of industries. Institute provides very good opportunities of industrial trainings to the students and has a well developed training and placement policy in place. Institute conducts baseline tests for first year students to identify their weak areas in basic sciences and mathematics and assist them to bring them at par with the others. Also it has excellent faculty most of whom most are PhDs and ME/M.Tech and are dedicated ones. It generates healthy amount of IRG to the tune of rupees 25 lakhs annually. It has Unnat Maharashtra Abhiyan and PMKVY schemes implemented to uplift the lives of rural populace. It has a vibrant and thriving student community which regularly participates in blood donation, tree plantation, cleanliness campaign, technical exhibitions, paper and project competitions, sports and yoga programs and cultural activities. It is situated in the campus of 52 acres.
